But what exactly is the right accessory? It has to be beautiful, of course. It has to be interesting. And it ought to be unexpected. In other words, the right accessory for almost any outdoor setting is PORCINI, by Lorenza Bozzoli.

ONDE

COLLECTION

My inspiration was to connect the idea of making a modular sofa and allow it to develop flexibly. The main idea came from looking at how the outdoor furniture market is changing and how people use outdoor furniture, while trying to understand GANDIABLASCO's core ideas and the work being done at the company. It is a collection that, in addition to being designed for outdoors, fits easily with interior decoration."

COLLECTION

SOLANAS is the GANDIABLASCO collection born from the aesthetic sensibility and passion for the outdoors of Argentinean architect and designer Daniel Germani.

Its an homage to Solanas, a beach located in Uruguay, where Daniel Germani used to spend his summers. A paradise with never-ending sunsets and beaches that disappear into the horizon. He also pays homage to his father, a man who was always ready to open the doors of his home to friends and family.
